Question

WRITING TASK 1 (Academic IELTS Module)

Double Line Graph, Practice Task 1 from 'Target Band 7' book, Page 48.

The graph below shows how prices of "high-tech gadgets" changed over time in Somecountry.

Summarise the information by selecting and reporting the main features and make comparisons where relevant.

Corrected Answer

The graph compares the average prices of advanced technology devices in US dollars.

It can be clearly seen that the navigation systems is more expensive than smart phones during the whole period between the years 2004 and 2006.

In 2004 Jul-Dec, navigation system and smart phones were the most expensive which is \$3900 USD and \$3100 USD respectively. As the time went on, the prices of both gadget types dropped in 2005 Jan-June, to \$3200 USD for a navigation system and \$2800 USD for a smart phone. It is interesting to note that the prices of both navigation systems and smart phones was getting the closest in 2005 Jul-Dec, which is \$3100 USD and \$2900 USD respectively.

In 2006 Jan-June, the prices of navigation systems went up by \$400 USD whereas the costs of smart phones faced a decline of \$200 USD. The only period when prices plunged in both gadgets was 2006 Jul-Dec, there was a plateau in the prices of smart phones (\$2700 USD) in contrast with navigation systems reached its lowest point (\$2700 USD).

Overall, as the time going both of the gadgets is getting cheaper.
